## APACHE PRISONERS MAY BE RELEASED

Washington, Aug. 19.—The proposed release of the 257 Apache Indian prisoners of war at Fort Huachuca, held for participation with Chief Geronimo in the massacre of 25 years ago, brought on a fight today which defeated the conference report on the Indian appropriation bill. The bill carried an item of \$200,000 to transport the prisoners to the Mesquero, N. M., Indian agency and provide them with land.

Senators Fall and Catron of New Mexico and Smith of Arizona opposed the project. Senator Fall declared many descendants of families massacred by Geronimo lived near the agency. The New Mexican senators predicted outbreaks between the Indians and white settlers if the survivors of the band were allowed to become free settlers in New Mexico.

## WILL SOON WAGE DECISIVE BATTLE

San Francisco, Aug. 19.—Two miles in distance and a few hours in time separate today the two armies which tonight and tomorrow will test in a decisive engagement the defenses of San Francisco. Thus far the "red" invaders under General Robert Wankowski, of the California national guard, have been advancing against the opposition interposed by the defensive "blue" column under Colonel Bowen, U. S. A. They are now to meet at Coyote, the main point of contact between the blue and the command of Colonel Leclerc Gardner.

Colonel Bowen slipped through a trap in the hills this morning, set for him by General Wankowski, and this afternoon joined Colonel Gardner.

Nine thousand men will be in the field tomorrow, or theoretically 20,000.

## UTAH HAS CHANCE FOR MINE STATION

Washington, Aug. 19.—Representative Martin of Colorado, Democrat, failed to get through the house today a bill providing for the establishment of a mining experiment station in Silverton, Colo.

Three other such experiment stations are in contemplation, to be situated in Utah, Wyoming and California. They have endorsement of the secretary of the Interior. Mr. Mann intimated he would oppose all.

## WORKS ADVOCATES SIX-YEAR TERM

Washington, Aug. 19.—A single term of six years for president and vice presidents was advocated today by Senator Cummins when the Works resolution for a constitutional amendment, providing for such a tenure, was brought up for consideration. The proposed amendment would not be effective until the presidential election following its ratification by three-fourths of the state legislatures.

## MAKES FIGHT ON BILLS IN HOUSE

Washington, Aug. 19.—In a general attack on all dam and water power bills, Representative Cooper of Wisconsin, Republican, today had bill after bill stricken from the calendar through objections. These included the omnibus power site bill, on which a vigorous fight had been expected.

## VETOED BILL IS RE-PASSED

### Abolition of Commerce Commission Again is Asked by Senate.

Washington, Aug. 19.—After a spirited debate the senate today re-passed the vetoed legislative, executive and judicial appropriation bill, carrying a provision for the abolition of the commerce commission. A majority of the appropriations committee reported the bill with provision for the retention of the court and when this was eliminated, Mr. Taft's friends predicted that the bill again would be vetoed.

The senate agreed with the house in leaving out the provision to limit tenure of office of civil service employees to seven years, to which the president also had objected. "There is no secret about the fact," said Senator Warren, "that if this bill goes to the president with this clause left in we will get another veto. It is just a question of whether we want to get through here and go home or stay here and pass bills and get vetoes ad infinitum."

**Question of Duty.**

Senator Clapp of Minnesota rose to his feet.

"Mr. President," he said, "this is not a question of getting through and getting home. This is a question of doing what we believe to be our duty."

Senator Overman also protested.

"Both the house and senate have voted by large majorities to abolish this court," he said, "the people of the United States have signified their desire that the court be abolished. The president of the United States is now lined up against the people. The house will insist upon abolishing the court and I protest that we should stand by the house."

Senator Bacon of Georgia objected to the stand of Senator Warren.

"I rise to a point of order," he exclaimed. "I believe that it is absolutely out of order to attempt to influence the votes of senators by threatening them with what the president will or will not do."

Senator Overman's substitute containing a provision to abolish the court was adopted, 45 to 23. The Republicans who voted with the Democrats to pass the Senate's Borah, Bourne, Bristow, Clapp, Crawford, Cummins, Reburn, La Follette, Nelson, Poinsett and Works.

Senator Thornton of Louisiana was the only Democrat who voted against the substitute to abolish the commerce court.

## GAVROS CASE IS DELAYED BY JUROR

The case of Harry Gavros, the Greek proprietor of a Washington avenue restaurant where a large quantity of liquor was confiscated two weeks ago, was called in the municipal court this morning, but owing to the defendant demanding a jury trial, the time was changed to 2 o'clock this afternoon.

Thomas A. Whalen was missing from the venire when the prospective jurors were called for and efforts were at once made to locate him. Deputies, detectives, court officers and plain citizens were dispatched to every recognized haunt of the missing juror as well as all strategic points where it was believed possible he might be found, but to no avail.

The judge paced the corridors of the police station while the prospective jurors fidgeted in their seats until nearly noon when he decided to adjourn until 2 o'clock.

Mr. Whalen was finally apprehended at his home, quite unconscious of the furor which had been raised in search of him. The following were drawn to serve on the jury: A. A. Wenger, V. C. Ballantyne, J. F. Baxter, T. A. Whalen.

## PALACE OR COTTAGE

The man who has a palace home—Why should I envy him? He lives there drearily alone; The lightness from his life is gone; His eyes are dull and dim.

Happier far my little friend, Whose doll-house down the road is echoing gladness all day long In shouts of laughter, reels of song, 'Tis home by the pal.

Whose children there romp by the hedge-bound road!

Twixt regal halls and happy hearts No kinship can I find, And yet it seems that cottage bowers Are close akin to happy hours

That little homes, entwined With glossy vines and set in trees Are sister souls to joy and ease And all that's good and kind!

And when I see the rich man's stretch Of holdings, many-milled, His rolling fields of waving grain, Whose gold betokens golden gain, His yards with treasures piled, I wonder if his wealth can show The first of treasures here below— A precious, priceless child!

But this I know, and so may you—For truth is free to all—That happiness is surest found Where love and labor most abound, Be it in cot or hall; That nothing comes but discontent From time ill-used or strength mis-spent.

## TOMATOES ARE RIPENING SLOWLY

The canners of Weber county are practically at a standstill at this time, it being between seasons. There will be little canning of tomatoes until the first of the month, the cold snap of yesterday and the latter part of the week retarding progress in the ripening of the tomato.

However, a few days of warm weather will start the tomato to ripening. The crop is heavy and it is said by the canners that, unless weather conditions interfere, the canneries of this section will be taxed to their limit to handle the crop. The quality is good and the product, after it has been placed in the cans, will undoubtedly be the best that has been packed by the Utah canneries in some time. Weber county will furnish fully seventy-five per cent of the canned tomatoes of the state.

It is possible that there will be a few tomatoes ready for canning within the next few days, but there will be so few that the factories will not attempt to handle them.

## TRANSFERS OF REAL ESTATE

The following real estate transfers have been placed on record in the county recorder's office:

William E. Paine and wife to Fred P. Naisbitt, a part of lot 10, block 6, plat A, Ogden survey. Consideration \$1,300.

Henry W. Manning to Orson P. Arnold, Jr., a part of the northeast quarter of section 19, township 5 north, range 2, west of the Salt Lake meridian. Consideration \$10.

Johanna Anderson to David Barker, a part of lot 10, block 31, plat C, Kershaw sub-division, Ogden survey. Consideration \$2.

Emma P. Woolley to Charles R. and Frank D. McGregor, lots 2 and 3, block 24, Lake View addition, Ogden survey. Consideration \$200.

James Clarke and wife to Annie E. Lammers, a part of lots 27 and 32, inclusive, plat C, Ogden survey. Consideration \$1.

## NEW TEACHERS AT THE STATE SCHOOL

A heavy enrollment is anticipated at the State School for the Deaf and Blind this year, according to Superintendent F. M. Driffo, who states that there will be at least twenty additional students and a possible total of 140. A majority of these will be from Utah, although there will be a number from Nevada and Wyoming.

The board of directors have engaged three new teachers this year. They are Miss Viva Wind of Iowa, Miss Mary E. Williams of Wisconsin, and Miss Nannie Goodie of Kentucky. All will be in charge of classes in the oral department for the blind. The new plunge, shower baths, greenhouse and improved plumbing equipment will be completed by the opening of the school year, making the Utah school one of the most modern and complete educational institutions of the kind in the country.

## PEACHES NOT READY FOR MARKET

Manager J. M. White of the Utah Fruit Exchange states that the peach crop will not be ready for picking until about September 5.

The recent cold spell has given the peaches a setback and there will be some little delay in getting the crop started for the market.

This will not affect prices, however the manager says, and it is possible that it may cause prices to increase somewhat. But the manager says that the growers may well be satisfied if the crop prices start out at 40 cents. There is a possibility that 35 cents will be the first price paid for peaches on board the cars at home. Freeholders are being sold on the market today as low as 25 and 30 cents a case.

The first car of peaches was shipped from Pleasant Grove today. The peaches are of a fine quality. The car was billed to Idaho Falls.

## KANSAS FOR ROOSEVELT

### Taft Electors Defeated by Overwhelming Vote.

Topeka, Kas., Aug. 19.—Official count of Kansas primary today gives Roosevelt electors 33,000 to 37,000 over Taft. Justice R. A. Burch for supreme court received 44,212, and G. H. Buckman, his opponent, 35,368.

## CHIDISTER IS A CANDIDATE, HE SAYS

Judge John F. Chidister of the Sixth judicial district is in the city today on his return trip from Cache county, where he has spent the past few days meeting friends and, incidentally, building fences for his congressional aspirations at the state Republican convention, which will be held in Salt Lake, September 5.

Judge Chidister has been on the bench ten years and is now ready to retire and give the position to another member of the bar, but he is perfectly willing to accept the nomination for congress. In fact, the judge is frank to say, he is seeking the nomination.

The Republican forces of the "cow counties" think they are entitled to one of the congressmen and they are back of Judge Chidister as the man upon whom the honor should be placed.

## BANK TO MOVE TO ITS NEW QUARTERS

The elegant new quarters of the Commercial National bank, 369 Twenty-fourth street, will be thrown open to the public Friday morning. President A. R. Heywood stating today that, although the interior will not be entirely finished by that date, it will be far enough along to justify occupancy.

The addition of this \$75,000 structure to the business edifices of Ogden is an event of no small magnitude. The elaborate front of Kyne stone, a Utah formation, is of original design and a highly effective piece of architecture. The interior is finished in beautiful Skyras marble, imported from Italy.

The upper floor of the building contains several offices which will be entered from Washington avenue. The stairway north of the Nye store will be known as Central Exchange, 2411 Washington avenue, and will form the entrance and passage way to the offices mentioned.

## MEXICAN GIRL IS A JOAN D'ARC

Juarez, Mexico, Aug. 19.—For a few hours yesterday a Mexican Joan d'Arc was the dictator of this town. With ten rebel soldiers marching at the heels of her horse, she rode up to the police station and disarmed the provisional chief of police and six of his men. The rebels rode away mounted on the police horses. The woman fearlessly entered stores and demanded and received provisions, and then shortly before daybreak she rode out of town with her admiring followers.

The woman, young and beautiful, is said to be the wife of Colonel Lazro Alanis, the rebel commander, who is operating around Palomas along the border. It is said that this militant spouse goes to join her husband after her raid on this town, which is unprotected by a few police in stalled at the departure last week of Orozco's rebels.

**Rides Snow White Horse.**  
Clothed in a khaki riding suit instead of coat of mail and mounted astride a snow white horse, Senora Alanis dashed here and there through the town last night collecting stragglers from the rebel ranks. Her daring raid on the police station early this morning was an utter surprise. The police meekly surrendered their arms. Tonight a vigilance guard composed of forty citizens armed with all manner of antiquated weapons is on patrol in the streets to prevent further outbreaks of any maids or matrons of Juarez.

**Settles Heavily Armed.**  
El Paso, Texas, Aug. 18.—Word was received today at the headquarters here of the Mormon colonies that a strong force of rebels is near Colonia Morelos, located sixty-five miles south of the border at Douglas, Ariz. The Americans of Morelos and two subordinate colonies of Sonora remained at their homes at the time of the evacuation of the colonies in Chihuahua. Arrangements are being made to send out the American women and children. It is said that the settlers, who are heavily armed, may decide to remain in view of the losses to follow colonists who left their homes.

## CHICAGO STREET CAR CONTROVERSY

Chicago, Aug. 19.—Developments in the street car controversy in Chicago indicated an acute situation today. Two important conferences were scheduled to be held upon the outcome of which will depend the question of strike.

While the committees of the two street car employees unions were laying their side of the controversy before Mayor Harrison, employees of the elevated lines balloted on the proposition to strike. Men employed on the surface lines already have overwhelmingly voted to strike.

## PLAYGROUND IN SOUTH PART OF CITY

In view of the success with which tag day for the baseball association was attended last week, it has been suggested by some of the city officials that a similar effort be made for the purpose of raising funds for an educational playground for Ogden children.

The city commission will probably be unable to increase the park appropriation this year, which means, of course, that no extra playground can be looked for from the usual source.

It has been contended by juvenile officers and school officials for some time that another playground is badly needed in the southern portion of the city, Liberty park being too distant for children living in the opposite part of Ogden and in the neighborhood of the railroad yards.

The continued success of the Liberty park playgrounds is evidenced to those interested that it is one of the best investments for public good the city has made. Hundreds of children gather there daily to perform on the apparatus, wade in the pool, play in the sand and "shoot the chutes." Accidents have been few.

It is believed by many that a subscription list circulated by the women of the city and followed by a big tag day demonstration would raise the necessary funds in a short time.

## ATTENTION EAGLES

All members of Ogden Aerle are requested to be present at the meeting of August 21, 8 p. m. Business of the utmost importance.

## PROTECT SEALS ON PRIBYLOF ISLAND

Washington, Aug. 19.—A closed season of five years for fur seals on the Pribilof island, was agreed on today by the senate and house conferees on the bill carrying into effect the fur seal treaty with Russia, Japan and England. The house provided for one year and the senate raised it to ten. The five-year agreement was a compromise.

The conference report was submitted to the senate by Senator Lodge and adopted without dissent.

## WILL FIGHT SOCIALISM

### Catholic Federation to Lead In Combating the New Doctrine

Louisville, Ky., Aug. 19.—President Edward Feeney, Brooklyn, and Secretary Anthony Matre, St. Louis, in their reports to the eleventh annual convention of the American Federation of Catholic societies today, laid much stress on their anti-socialist utterances.

"Publications combatting Socialism are appearing in different sections. The federation should lead in this great work," said Mr. Feeney. "Catholics are deeply interested in the preservation of the great American republic that gave welcome and shelter to our fathers. We oppose all attempts to substitute chaos for order."

Mr. Feeney and Mr. Matre commended the American Federation of Labor, while Mr. Feeney listed the Industrial Workers of the World "as listed with the Socialistic party in America today."

Mr. Matre said the federation had become established in every state, and the part played by the organization in President Taft's suspension of Valentine's order prohibiting display of religious insignia in government schools, and discussed the status of the government's case against Tom Watson, accused of sending obscene matter through the mails.

Both officers spoke in favor of the organization of a tentative movement for the organization of a Catholic federation of women.

With his campaign for the presidency fairly under way, Colonel Roosevelt is making the most of his last days at Sagamore Hill before starting on his long swing about the country. He spent most of the day out of doors riding and playing tennis. He will remain at Oyster Bay until Wednesday, when he leaves for Wilkesbarre, Pa., to attend the jubilee of his old friend, Father Curran. Colonel Roosevelt is to make an address at Wilkesbarre, which will be largely on morals. After another short rest on his return from Wilkesbarre, he will start out again and keep constantly at work until election time.

## THIEF CLIMBS INTO CASHIER'S CAGE

Toledo, Ohio, Aug. 19.—Nearly \$1,000 in currency was filched from the officers of the Detroit and Cleveland Navigation company here today in a bold daylight robbery. An hour later the robber returned \$100 to the company through a third person.

A poorly dressed man presented to E. A. Heaton, the company's agent, a ticket for some baggage, saying he had been sent for it by another man. Heaton went to the baggage room and during his absence the stranger crawled into the cashier's cage. Heaton returned in time to see the man fleeing.

An hour later the man who had employed the robber to get his baggage brought \$100 to the company's offices, saying the stranger had run up to him, his hands stuffed with money, thrust \$100 into his hands and, telling him that it belonged to the company, asked the man to return it.

Washington, Aug. 19.—Life savers of the new Greenhill station, Rhode Island, made a heroic rescue today of the crew of five men of the schooner R. L. Tay, lumber laden, from Bangor, Maine, for New York, and wrecked off the Rhode Island coast.
